

Featuring the JO Series

7" Video Security Intercom with Mobile App Capability

for Small-Business Owners

Get the Best of Both Worlds

See. Talk. Unlock. Whether You're Busy or Not.

Identify visitors and grant access with the reliability of an interior station...

Whether it's a delivery person, a contractor, or someone unexpected, you can easily see and speak with your visitors.

Depend on Aiphone at your workplace

- Instant call-in from a visitor allows you to determine intent *before* unlocking the door
- Large 7" touchscreen provides crisp, clear detail of your caller
- Hardwired station ensures calls will not be missed, even when internet is down or slow
- Built-in memory stores up to 10 recordings for later reference
- Adding a microSD Card expands memory without recurring fees
- Provides power to video door station – *no batteries needed*

Perfect for Small Offices

Avoid missing any visitors when your receptionist goes on lunch break. With this mobile app solution, other colleagues can temporarily screen visitors directly from their smartphone or tablet.

By-Appointment Businesses

Busy with an appointment? You can quickly let visitors in without leaving your guests unattended. Great for attorney offices, tax services, salons, physical therapy clinics, or any by-appointment business.

Unlock the Door for Employees

Even if you're not in the office yet, you can easily unlock the door for your employees with varying shifts.

or with the convenience of a mobile app.

The JO Series Mobile App provides the ability to remotely unlock the door for your cleaning service, appointments, or colleagues who forgot their key.

Answer your visitor offsite

- See and speak with visitors from virtually anywhere
- Prevent accidental unlocking with in-app slider
- Monitor your door anytime, from any location
- Zoom in and out for greater detail
- Get convenience and safety – *even on the go!*
- Download from Google Play™ or App StoreSM

Get More Bang for Your Buck

When Aiphone is your security communication provider, you get more than just an intercom.

Trusted Brand for Nearly 50 Years

Since 1970, Aiphone has been the leading intercom manufacturer in all of North America.

Far from a start-up, our organization continues to impress customers with innovative technologies and continued intercom enhancements for office and workplace communication.

Reputation for Award-Winning Quality

ISO 9001:2015 Certified Intercom Manufacturer

The International Standards Organization (ISO) 9001:2015 certification is a globally-recognized mark of quality in product design and development, production, inspection, and testing. Aiphone has received this world-renowned certification since the year 2000.

Prestigious Deming Prize Award-Winner

The Union of Japanese Scientists and Engineers awards the exclusive Deming Prize to a handful of companies who wow them with total quality management. Aiphone is proud to be a rare, two-time winner of the prestigious Deming Prize for quality management and manufacturing processes.

Freakish Reliability Protects Your Investment

Our products are known for extreme longevity. When it comes time to replace an existing system, the reason is typically because clients need to grow or add a feature set, not because of failing components.

With this unmatched reliability, you can be confident any Aiphone system will be around and functioning for years to come.

Local Service & Outstanding Support

Whether you need guidance with system selection or support to answer your questions, we are here for you before, during, and after the sale. Our commitment to your satisfaction is equivalent to our commitment to supply quality products. Second to none.

Not quite sure if Aiphone is a good security solution for your business? It's recommend to try *before* you buy. We offer free product demonstrations at a location convenient to you.
