KLEIN TOOLS 

FOLDING JAB SAW

Carrying a jab saw can tear and rip your tool bag. With Klein Tools' Folding Jab Saw, there's no need for taped-up, homemade sheaths or big holes in your tool bag. The fast cutting carbon steel blade is as sturdy as a fixed blade saw, but folds smartly into the comfort-grip handle. The lockback mechanism secures the blade at a full 180 degrees and also at a 125 degrees for those hard to reach spots.
