# RBAT-H1
## DUAL BATTERY HARNESS
## INSTALLATION INSTRUCTIONS

WI346  2/04

The RBAT-H1 Dual Battery Harness permits the parallel connection of a second rechargeable battery within an alarm control center enclosure.

## INSTALLATION

**NOTE:** Failure to connect the RBAT-H1 In accordance with these instructions may result in damage to the cable, board, and/or batteries.

1. Remove connections to the existing battery and prepare space in the enclosure for the second battery.

2. First connect the BLUE ends of the RBAT-H1 to the battery leads coming from the circuit board:

   - RED wires to the RED lead
   - BLACK wires to the BLACK lead

3. Install the second battery along side the first.

4. Connect either pair of RED ends to the first battery:

   - RED wire to the POSITIVE (+) terminal
   - BLACK wire to the NEGATIVE (-) terminal.

5. Similarly, connect the other pair of RED ends to the second battery:

   - RED wire to the POSITIVE (+) terminal
   - BLACK wire to the NEGATIVE (-) terminal
